Privatising the Steel Plant

3058. SHRI SANATAN BISI: Will th Minister of STEEL AND MINES b pleased to state:

(a) whether it is a fact that welfar measures in the Steel Plant will be cu tailed and there are serious efforts t

privatise the plant as reported in Oriya Samaj dated 26th March, 1999;

(b) whether Government are aware of the situation prevailing in Steel Industries as reported in the paper; and

(c) if so, what are the details in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI RAMESH BAIS): (a) to (c) It is not a fact that welfare measures of the steel plants of Steel Authoirty of India Ltd. (SAIL) are being curtailed, nor is there any plan for privatisation of these plants at present. Government are aware of the current market situation in the steel sector and have initiated a number of measures such as rationalisation of DEPB rates, fixing of floor prices for certain flat products, reduction in cost of several inputs by waiving special customs duty, imposition of anti-dumping duty on certain HR flat products from Russia and Ukraine etc.

Proposal to increase steel production

3059. SHRI GOPALSINH G. SOLANKI: Will the Minister of STEEL AND MINES be pleased to state:

(a) whether Government propose to increase the production of steel;

(b) if so, the number of new areas in which production of steel is proposed to be undertaken during Ninth Five Year Plan; and

(c) what are the details of assessment made for increasing the production of steel in Ninth Plan?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI RAMESH BAIS): (a) and (b) With the onset of the New Industrial Policy, iron and steel industry has been dereserved from the list of industries reserved for the public sector. There is no requirement of industrial licensing for setting up of iron and steel plants in the country except for certain locational restrictions. As such, production of steel in the country is determined by the market forces of demand and availability. Since the steel industry has been opened up completely, setting up of new steel plants, increasing capacity .etc. are a matter of commercial judgement on the part of the enterpreneurs.

(c) As per the projections made by Working Group on Iron and Steel for the IXth Five Year Plan set up by the Planning Commission, the production of finished (carbon) steel will reach 38.012 million tonnes by 2001-02 against the projected demand of 38.68 million tonnes.
